What is creativity?

We are delighted to confirm that Dennis Sherwood from Silver Bullet [1] will be leading a 2-day residential workshop (27-28 May 2019) at SSERC during which he will explore the following questions:

- Is 'creativity' associated only with the so-called 'creative arts'?
- How does 'creativity' relate to 'innovation', 'invention' and 'entrepreneurship'?
- Is creativity a natural gift, with which the fortunate few are blessed? Or can creativity be taught?

- If it can be taught, what is the process?
- And once an idea is on the table, how can we judge, wisely, whether it is - or is not - a 'good' one?

Why not join us for what promises to be a stimulating and exciting professional learning opportunity?

Cost - £100 to include course materials and overnight accommodation.
